Second-year Data Science major student. Seeking a volunteering research assistant position, scholarship, unpaid internship, or sponsorship.

EDUCATION

- **Michigan Technological University,** Houghton, Michigan
  BS, Major - Data Science, Minor -Statistics   expected Spring 2027
- **Private institution General Secondary Educational School**
  High school diploma.   June 2022

SKILLS

- Programming on Python
- Programming on Java
- Proficient in MS Office
- Experience with Unix/Linux command line

EXPERIENCE

- I took part in judging at a hackathon on Scratch programming for elementary and middle school students. My responsibilities included monitoring task execution, providing an objective evaluation of the final results, and effectively resolving conflicts that arose during the competition.
- I was an organizer and judge in robotics competitions for elementary school students. My responsibilities included handling organizational matters for participants in an online format, monitoring task completion by offline participants, and calculating results to announce the winner.

  November 2020 – March 2021
- Volunteer Research Assistant. My role involves gathering data and carrying out basic preprocessing tasks.

  October 2024 – Present

INTERESTS AND HOBBIES

Active member of the Cross Country and Track & Field team, demonstrating commitment to teamwork and endurance. Passionate about photography, capturing moments and exploring creative perspectives.
